ACADEMIC INFORMATION

A student should seek assistance from two sources whenever he feels confused concerning his progress in a course or by his choice of program of study. First of all, the faculty stands ready to help students with courses and students should not hesitate to avail themselves of this assistance. Secondly, the Student Services Counselors are available for consultation with students when they have problems which are interfering with their success at College of The Albemarle.

A better understanding of the following academic information will be vital to students at different times during their stay at College of The Albemarle.

Assignment of Counselors

Each student is assigned a Student Services Counselor. It is the responsibility of the Counselor to assist the student to identify an appropriate program of study and to implement the program once the student has enrolled. Such factors as the student's interests, goals and objectives, abilities and aptitudes, academic preparedness are taken into consideration in determining a student's program of study and course placement. Once the student's educational program is selected, the counselor continues to work with the student throughout his stay at COA to help facilitate the accomplishment of his educational objectives. The counselors are also available for personal-social counseling if students desire to take advantage of this service.

Since the College offers college transfer education, many students frequent the counselors' offices to discuss transfer admissions requirements to senior institutions. Although the counseling staff assumes the responsibility to be cognizant of transfer admission requirements, **in the final analysis it is the**

direct responsibility of the student to contact the senior college or university to ascertain requirements for transfer thus verifying the information obtained from the Student Services Counselor.

Class Attendance

Students are expected to attend all classes and are **directly responsible to their instructors when they fail to attend**. If a student stops attending class and fails to complete a withdrawal form, he is dropped from the class roster by the instructor after the fifth unexcused absence. Usually course grades in such cases result in an "F". The instructor upon such occasion completes an Administrative Disenrollment Form, sends it to the Dean of Student Services, who, in turn, notifies the student and the student's counselor of the action.

Schedule Changes

At the beginning of each quarter there is a scheduled period in which students may drop and add courses. The time limit for these schedule changes is published in the academic calendar which appears in the front of the college catalog. Those students wishing to change their schedule should consult their assigned Student Services counselor, or in the counselor's absence, the Dean of Student Services. However, it should be noted that students are advised to exercise good judgement and concern when registering or pre-registering with their counselor in order that a class schedule can be devised in which **no changes will be needed for the duration of the entire quarter**.

If the counselor agrees that a change is in order, the application form, called a Registration Change Notice, is completed by the counselor, signed by him, the instructor of the course involved, and the student. In addition, all financial aid students must have Registration Change Notices approved by the Director of Financial Aid. Finally, all such change notices must be approved by the Registrar and validated by the Cashier.

A student may drop a course during the late registration period without receiving a grade by following the above procedure. A student who withdraws prior to the published "last day to withdraw without penalty" will receive the grade "W". After the published "last day to withdraw without penalty," a student doing satisfactory work who withdraws because of medical or emergency circumstances with the approval of the instructor and the Dean of Student Services, will receive the grade "W". All other late withdrawals will result in a grade of "F" or "W", to be determined by the instructor.

Auditing Courses

Students who wish to audit courses must follow the usual procedure for registration. Auditors receive no credit but are expected **to attend classes regularly** and participate in class discussions. They are encouraged to do all work expected of regularly enrolled students, including: homework, projects, quizzes, exams, etc. Auditors will be charged the same fees as students taking courses for credit and are responsible for observing the same regulations concerning attendance and behavior as students registered for credit.

Withdrawal From College

A student who withdraws from the College must confer with his Student Services counselor and complete the appropriate withdrawal form. If the student is a financial aid recipient, he must also confer with the Director of Financial Aid. All withdrawal forms must bear the signature of the College Librarian and must be validated by the Cashier. Should the student be unable to confer in person with his counselor, he should promptly advise the Dean of Student Services in writing of his decision to withdraw and state the reason for discontinuing attendance. Any

student leaving the College without following the official procedure will automatically receive the grade of "F" in all courses and will forfeit any refund of tuition to which he might otherwise be entitled.

System of Grading

At the end of each quarter, students will receive Grade Reports for each course taken. (Grade Reports for the summer trimesters are mailed at the end of the summer quarter.) The system of grading is as follows:

Grade	Significance	Quality Points
A	Superior	4 per quarter hour
B	Good	3 per quarter hour
C	Average	2 per quarter hour
D	Poor, but passing	1 per quarter hour
F	Failure	0 per quarter hour
I	Incomplete	0 per quarter hour
W	Withdraw	0 per quarter hour

An incomplete (I) is given only when circumstances do not justify giving a specific grade. It must be removed by the end of the next quarter following the one in which the incomplete(I) was received, whether or not the student is enrolled in the following quarter. Since COA operates continuously throughout the year, this rule considers the Summer quarter as being the quarter following the Spring quarter. If not removed within this time, the Incomplete (I) becomes a Failure (F). Students who receive an "I" should consult with their instructor immediately upon receipt of their grade for purposes of planning completion of the affected course and removal of all "I's."

How Quality Points Are Computed

Study this example: English 101, "C"; Biology 101, "C"; Math 101, "B"; History 101, "D"; Physical Education 104, "A". The quality point average is computed in the following manner:

Course	Grade	Quarter Hours		Quality Points		Totals
English 101	C	3	X	2	=	6
Biology 101	C	4	X	2	=	8
Math 101	B	5	X	3	=	15
History 101	D	3	X	1	=	3
Phys. Ed. 104	A	1	X	4	=	4 add
		<u>16</u>				<u>36</u>

$$\begin{array}{r}
 \text{Divide: } 16 \overline{) 36.00} \\
 \underline{32} \\
 40 \\
 \underline{32} \\
 80 \\
 \underline{80} \\
 0
 \end{array}$$

2.25 = Quality Point Average

The 2.25 is equivalent to a "C" at College of The Albemarle. However, the "D" which was earned in the history course **may not transfer** to a senior institution.

Note: At the present time vocational students do not earn quality points in the above manner. Vocational students should consult page 65 of the 1973-75 catalogue for probation and suspension regulations.

Academic Warning, Probation, & Suspension

Any student whose cumulative quality point average is less than 2.0 at the end of any quarter will receive an Academic Warning and will be required to report to his Student Services Counselor. The counselor will attempt to identify the causes for the student's poor academic performance and may direct the student to another program for which he is better qualified.

A student will be placed on Academic Probation and will not be allowed to continue in a program without special permission from the Dean of Student Services and the student's counselor if his cumulative quality point average falls below the following standard:

Credit Hours Attempted	Minimum Quality Point Average
0-16	1.00
17-32	1.25
33-48	1.50
49-64	1.75
65-80	1.90
81 and above	2.00

If a student is unable to meet the above stated standard in relation to the total number of quarter hours attempted, he will be placed on Academic Probation. The statement "Academic Probation" will be placed on the student's permanent record. There are two categories of probationary students, having the following enrollment load limits:

Academic Probation I

First term on Academic Probation--maximum of 12 course hours (Developmental course hours included) and enrollment in Group Counseling (PSY 98).

Academic Probation II

Second term on Academic Probation--maximum of 9 course hours (Developmental course hours included) and enrollment in Group Counseling (PSY 98).

Change of Address

Each student must be responsible for notifying the Registrar of any change in permanent home address or local address. This is necessary so all mail will reach a student promptly. It may also become necessary for a student to be reached in case of an emergency.

Students are encouraged to use their own discretion and judgment in the selection of clothing to be worn on campus.

A pep squad is organized each year to provide cheers for the basketball team. The cheerleaders preside at all pep assemblies. Selection of the cheerleaders is made by a committee of the faculty. Every candidate must try out each year regardless of previous membership on the cheerleading squad, and must not be on academic probation.

Each year the Circle K members of the College of The Albemarle award a scholarship to a male student who has shown need and worthiness through his scholarship and leadership in connection with the College. The scholarship is to be used for part of the student's tuition for his second year at the College of The Albemarle.

The freshman class elects its officers in the fall of the year, and they organize meetings and activities throughout the year. The Student Senate officers serve as sophomore class officers.

Cosmetology Club

The Cosmetology Club was primarily organized to motivate interest in the professional field of cosmetology, to promote unity among its members, patrons, and faculty, and to provide an understanding of the laws and civic responsibilities involved. Among the important contributions and objectives they pursue is the promotion of fund-raising activities which is dedicated to the College building fund.

Language Clubs

Students who are studying either French or Spanish have organized clubs which strive to give members greater knowledge and appreciation of the French and Spanish speaking countries, their culture and their language. Meetings are held periodically and persons from the community are welcome to attend and to join the clubs.

Phi Beta Lambda

Phi Theta Kappa

This is a national scholastic fraternity which holds the same status in the community college that the Phi Beta Kappa holds in the four-year college. Membership is chosen on the basis of high scholastic standing, character, leadership, and service on the campus.

Sailing Club

The COA Sailing Club was organized for the purpose of encouraging, advancing, and improving the art of sailing at COA and the surrounding area. The club's major objectives are to promote and develop the high ideals of sportsmanship and activities which will aid in the attainment of these goals in the interest of recreation and education.

Satyr's

The Satyr's, COA's dramatics club, was organized for the purpose of gaining knowledge of the theatre arts and presenting dramatic selections during the academic year. Student Senate

All students who pay the student activity fee are members. They practice responsible citizenship by participating in a program of self-government. Officers are elected each year and each club organization is represented in the Student Senate. The objective of this governing body is to regulate all matters of the student community that do not fall under the immediate jurisdiction of the administration and faculty.

Tec Club

The membership of the Tec Club is made up of students in the Technical Vocational Division of the College of The Albemarle. The purposes of the club are to promote unity among its members, and to motivate interest in occupational education.

Intramural Activities

COA's intramural program offers an opportunity for play to all who want to participate. Its activities are adapted to times available for the maximum participation and are selected so that they do not require long periods of practice to get teams or individuals into condition.

Student representatives elected by fellow students who are enrolled full-time and have paid the activity fee shall constitute a student governing body known as the Student Senate.

Article II - Membership

The Student Senate shall be composed of the following: seven Executive Council Senators, a Senator from each club recognized by the Student Senate, and ten freshman class Senators (comprised of the three freshman class executive office Senators and seven freshman class Senators). Any new club granted a charter may elect a Senator. Also, two Senators shall be elected from the Vocational Department.

Article III - Purpose

The purpose of the Student Senate of the College shall be to promote good citizenship throughout the College and to plan and initiate the activities of the student body.
